

## Alumni News

Liam Elliott and John Walker, former students, returned to Holy Trinity Academy to talk to Year 10 historians about their own experiences at HTA and what life is like after school. Liam is now studying for a degree in History at Sheffield. Liam and John encouraged students to work hard and take advantage of all opportunities available to them at HTA. Liam was able to discuss his experiences of university life. This was a really valuable visit as Liam and John are such positive and relatable role models and mentors for our students.
