When I called the Lord was there!

In Matthew 14:22-33 we read how Peter is almost consumed by fear. But Jesus reaches out with his hand to rescue him.

We are asked today to keep our eyes fixed on Jesus in our lives, to have courage and faith when we feel consumed by the things that threaten us.

Jesus is there to hold us, to comfort us and to give us courage.

THINK ABOUT:

What do you fear today?

How does this make you feel?

ACTION: Share your worries and fears with someone you trust and have confidence in. Remember a problem shared is a problem halved

REMEMBER: Jesus is there to comfort us

Then Peter got down out of the boat, walked on the water and came toward Jesus.

But when he saw the wind, he was afraid and, beginning to sink, cried out, "Lord, save me!"

Immediately Jesus reached out his hand and caught him.

"You of little faith," he said, "why did you doubt?"

And when they climbed into the boat, the wind died down.

Then those who were in the boat worshiped him, saying,

"Truly you are the Son of God."

Please listen to this song - Oceans (Where Feet May Fail) Hillsong UNITED

And finally finish this time of reflection by praying the prayer on slide 4

But first consider the lyrics to the song which say :

When oceans rise, my soul will rest in Your embrace

This means that when troubles come into our lives for example Covid-19, a world pandemic, we can rest in faith in God's caring and loving arms.

The phrase **"oceans deep"** refers to the struggles of Life and where we might feel unsure, or lack courage.

In the song it also says:

**In oceans deep
My faith will stand**

This means that if we have faith in God he will guide us through and be at our side

**Dear Lord,
Please help us through these difficult times in our
lives.**

Please give strength to people in need of it.

**Please protect the ones more at risk like the
people vulnerable and elderly.**

**Please protect the NHS who are on the frontline
and putting themselves at risk for others.**

Amen

WE THANK GOD

The amount of times
You think about all this
It's like being in a nightmare
Not knowing if your friends or family
Are OK

You just need to remember
This for years
People dying
People not knowing
If they will live

You missing your friends and family
Not knowing if you are going to make it
Just wanting to be at school
or work

People helping people
But we just need to
stay safe and in
Have that hope
Your smile makes people happy

But we thank everyone
For a helping hand
Through the coronavirus
We thank the NHS for being helpful
And we thank God
And we thank God

But we thank everyone
For a helping hand
Through the coronavirus
We thank the NHS for being helpful
And we thank God
We thank God

It's the toughest time
But everyone is helping
Including the key workers
It's not fair
It is just a tragedy

No one really thinks much
Of the poor countries
Like Kenya or China
Who are suffering
Not being able to get food

We thank God
He's trying his best
And we thank NHS + the key workers
We thank God
Through this tough situation

HOPE
