08:45 Holy Trinity Academy

**Holy Trinity Route Amendments due to Covid-19
Commencing 22 June.**

As correspondence with Holy Trinity Academy,
Telford has stated:

- School will start at 0900;
- Select Years and only a small percentage of those students will be allowed to school;

...changes to the Supplied Passenger Transport
are required. These are as follows.

Full routes are to be conducted each morning, **all stops
will be served Thirty-Five minutes later than usual.**

Expected Conduct on Boarding, Travelling and Alighting Procedures

Guidance on Social Distancing from Telford & Wrekin Council will be strictly adhered to. Updated Terms and Conditions of Carriage, vis-à-vis Covid-19 can be requested from us on the details at the bottom of this publication.

Students are asked to familiarise themselves with the following procedures in the interest of lessening the Spread of Covid-19:

- Follow your Driver's instruction at all times;
- Students must observe Social Distancing (2 metres apart at bus stops, prior to and during loading);
- Your Driver will check names against a manifest provided by the school. Only students who are due in school will be allowed to travel on the vehicle;
- Vehicles will be loaded from rear to front, left to right;
- Passengers will alight from Front to Rear;
- Seats will be 'cordoned-off' with signs. *Remember, seat yourselves rear to front, from left to right;*
- All passengers must wear a mask or face-covering;
- Eating and Drinking is not permitted on the vehicle. This is not only to ensure the vehicle remains clean but any litter would be a potential contact point for our passengers and staff. Littering may result a £50 fine invoiced directly to parents;
- If a student does not follow the rules and their actions are deemed a health risk to the driver and other passengers, the student's transport may be suspended.

For Borland RoadLiner LTD to adhere to government and local authority guidance, your cooperation is essential.

A number of regulations have been introduced for all operators who serve the Telford area. It is therefore vital all passengers know and understand the rules set out by us, to ensure students' safe travel.

Many thanks in advance for your cooperation.

Yours Sincerely,
Christopher George Borland
Managing Director
