With the Covid 19 impacting upon all A Levels results across the country, there is a somewhat restricted analysis of data this year. However, to see how well students perform at Holy Trinity Academy Sixth Form, you can still view the data and results for this year. You can also view the results from the past 2 years to see the trends and how well the Academy does.

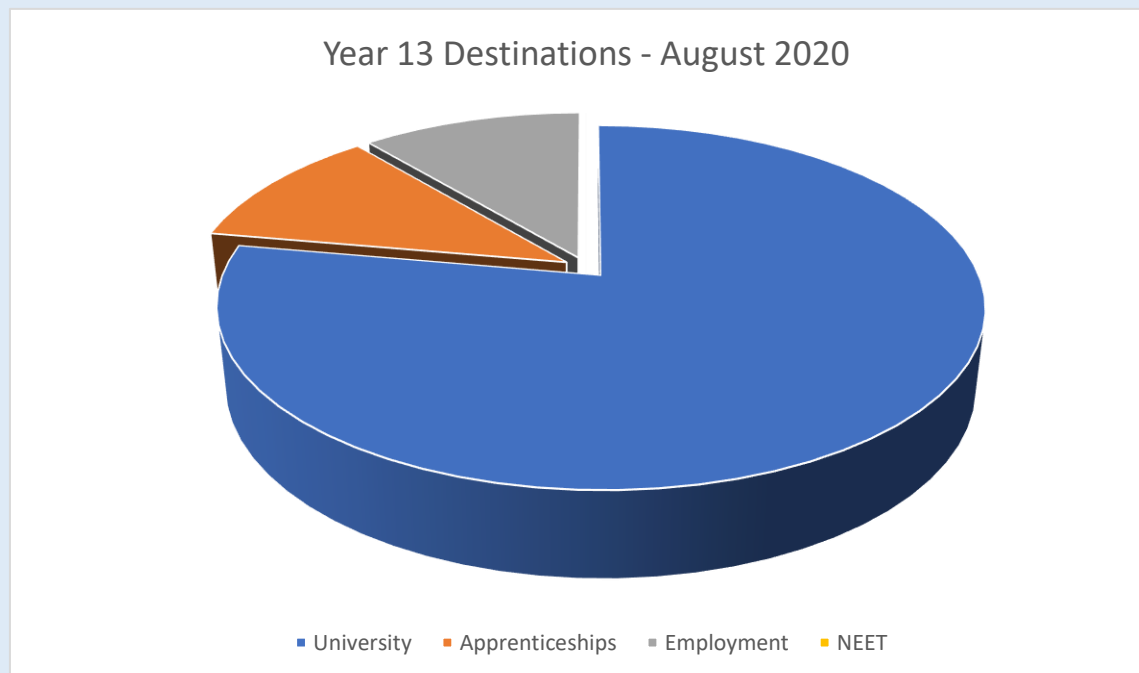

The School is immensely proud of its KS5 results. The Sixth Form has had a small cohort for several years and so truly every student, and every examination paper, counts.

The fact that Holy Trinity Academy achieved a positive Progress Score over the past 3 years means that on average our students do better than expected. This is a significant feature of our Sixth Form and not one that many Sixth Forms in Telford and Shropshire can claim:
