

I am proud to be the staff elected governor for Holy Trinity Academy.

I am employed by Holy Trinity as a Head of Geography and have been so since 2016.

With 17 years of experience, working in a number of schools, both in teaching and non-teaching roles and in a variety of positions including pastoral support, teaching and learning, as a member of Extended Senior Leadership Teams and as Curriculum Lead I hope I have experience and knowledge to be able to make meaningful contributions to the governing body.

Having worked as a committee member on a number of voluntary organisations outside of school I have experience of governance style work and appreciate the collegiate nature of the work, the scrutiny that's required and the support that should be offered.

I am passionate about education, committed to improvement and driven to provide the very best of learning experience to the students of Holy Trinity Academy. As a parent I care deeply about pastoral support both for learners and for the staff who commit so much to education. I am passionate about Christian education and the work of the school in line with the school's vision.

Chris Broadbent (HOD for Geography)
