Curriculum Intent

At Holy Trinity, we foster a love of language and literature. Our English curriculum is designed to introduce students to a wide range of texts, encompassing diverse writers, genres, and purposes that challenge and inspire them. Through studying these texts, students develop the confidence to craft language effectively and understand its power in the world around them.

Rooted in our Christian ethos, students draw on their understanding of Scripture to explore the power of language through a lens of kindness, compassion, and respect. They learn not only how language can influence others, but also how to use it responsibly for the good of those around them.

We equip students with the knowledge, skills, and confidence they need to succeed in higher education and thrive in the wider world beyond school.
